are committed to complying with the EU REACH (Regulation EC No. 1907/2006) and we would like to inform you that we are not directly affected by the registration of the substances due to the fact we are neither a manufacturer nor an importer of substances.

Within the regulation BIBUS BV is described as a 'Downstream User', which means we are under no obligation to pre-register.

However, as 'Downstream User' we have committed ourselves to ensure that all our Products Suppliers have been notified about REACH legislation, and the pre-registration which comes with the legislation. We are aware of the impact of the legislation and expect our Products Suppliers to act diligently and within the scope of the European Chemical Agency (ECHA) requirements.

Based on the information available to us from our Products Suppliers and to the best of our knowledge, we can confirm and declare that all products do not contain any of the 235 REACH SVHCs as updated by ECHA on June 14th, 2023 (<https://echa.europa.eu/candidate-list-table>) over the permitted level >0,1%

We hope the above satisfies your requirement. Should you have any further questions, please do not hesitate to contact us.

Yours faithfully,
BIBUS BV
